To whom it may concern at the EPA,

Hi my name is (b) (6) I am a native Oregonian and care A LOT about my city, the wildlife, and the humans that live here.

I'm sorry, I thought it was the 21st century? How is it that you are proposing to contaminate our river further in an effort to clean it up? Have we learned nothing from the past and history? Hanford's Nuclear Waste for example should have been a lesson of things NOT to do EVER AGAIN.

I vote NO on your current "clean up" plan! All lives matter human and animal.
There are ways to clean up the water without using chemicals.

Sincerely concerned,

(b) (6)
